Top 10 Question & Answer Slides about the big bang & Quran

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

01

What is the Big Bang?

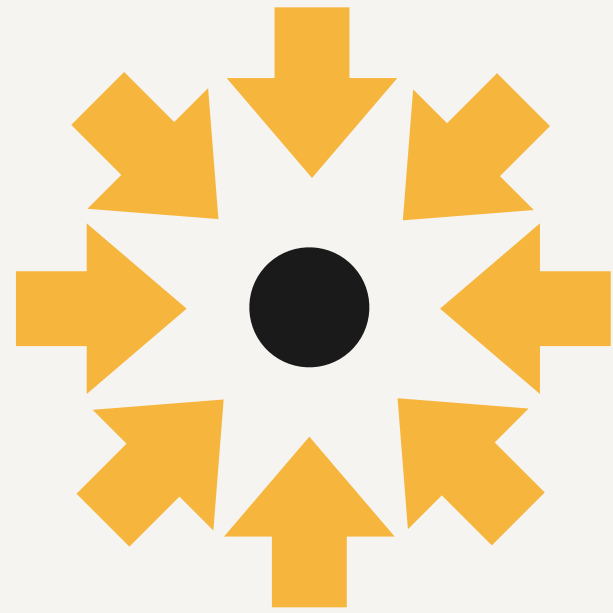

**Big Bang** is the cosmic  
**explosion** that is hypothesized  
to have marked the origin of  
the Universe.

Did you know?

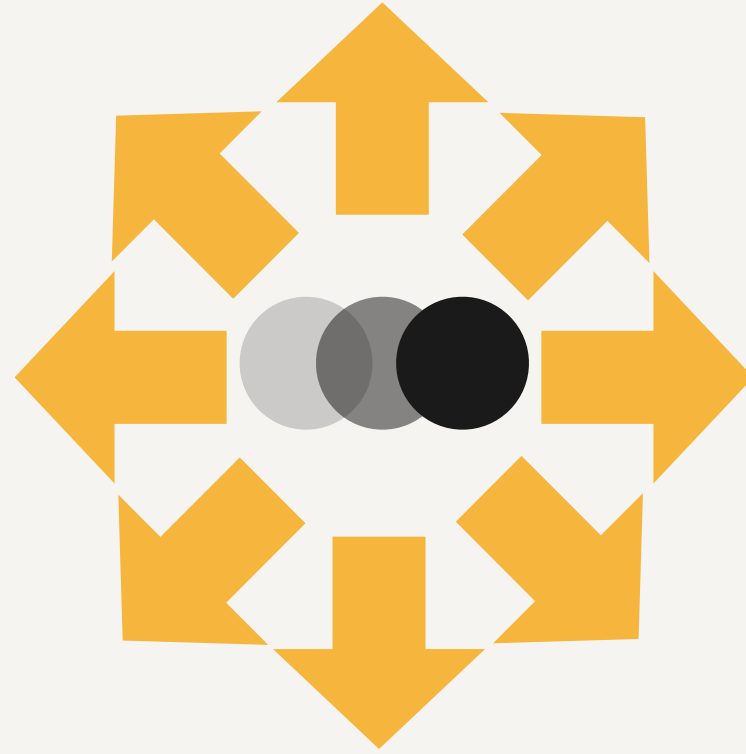

The **Quran** mentions numerous scientific facts long before they were discovered.

02

What are the scientific facts?

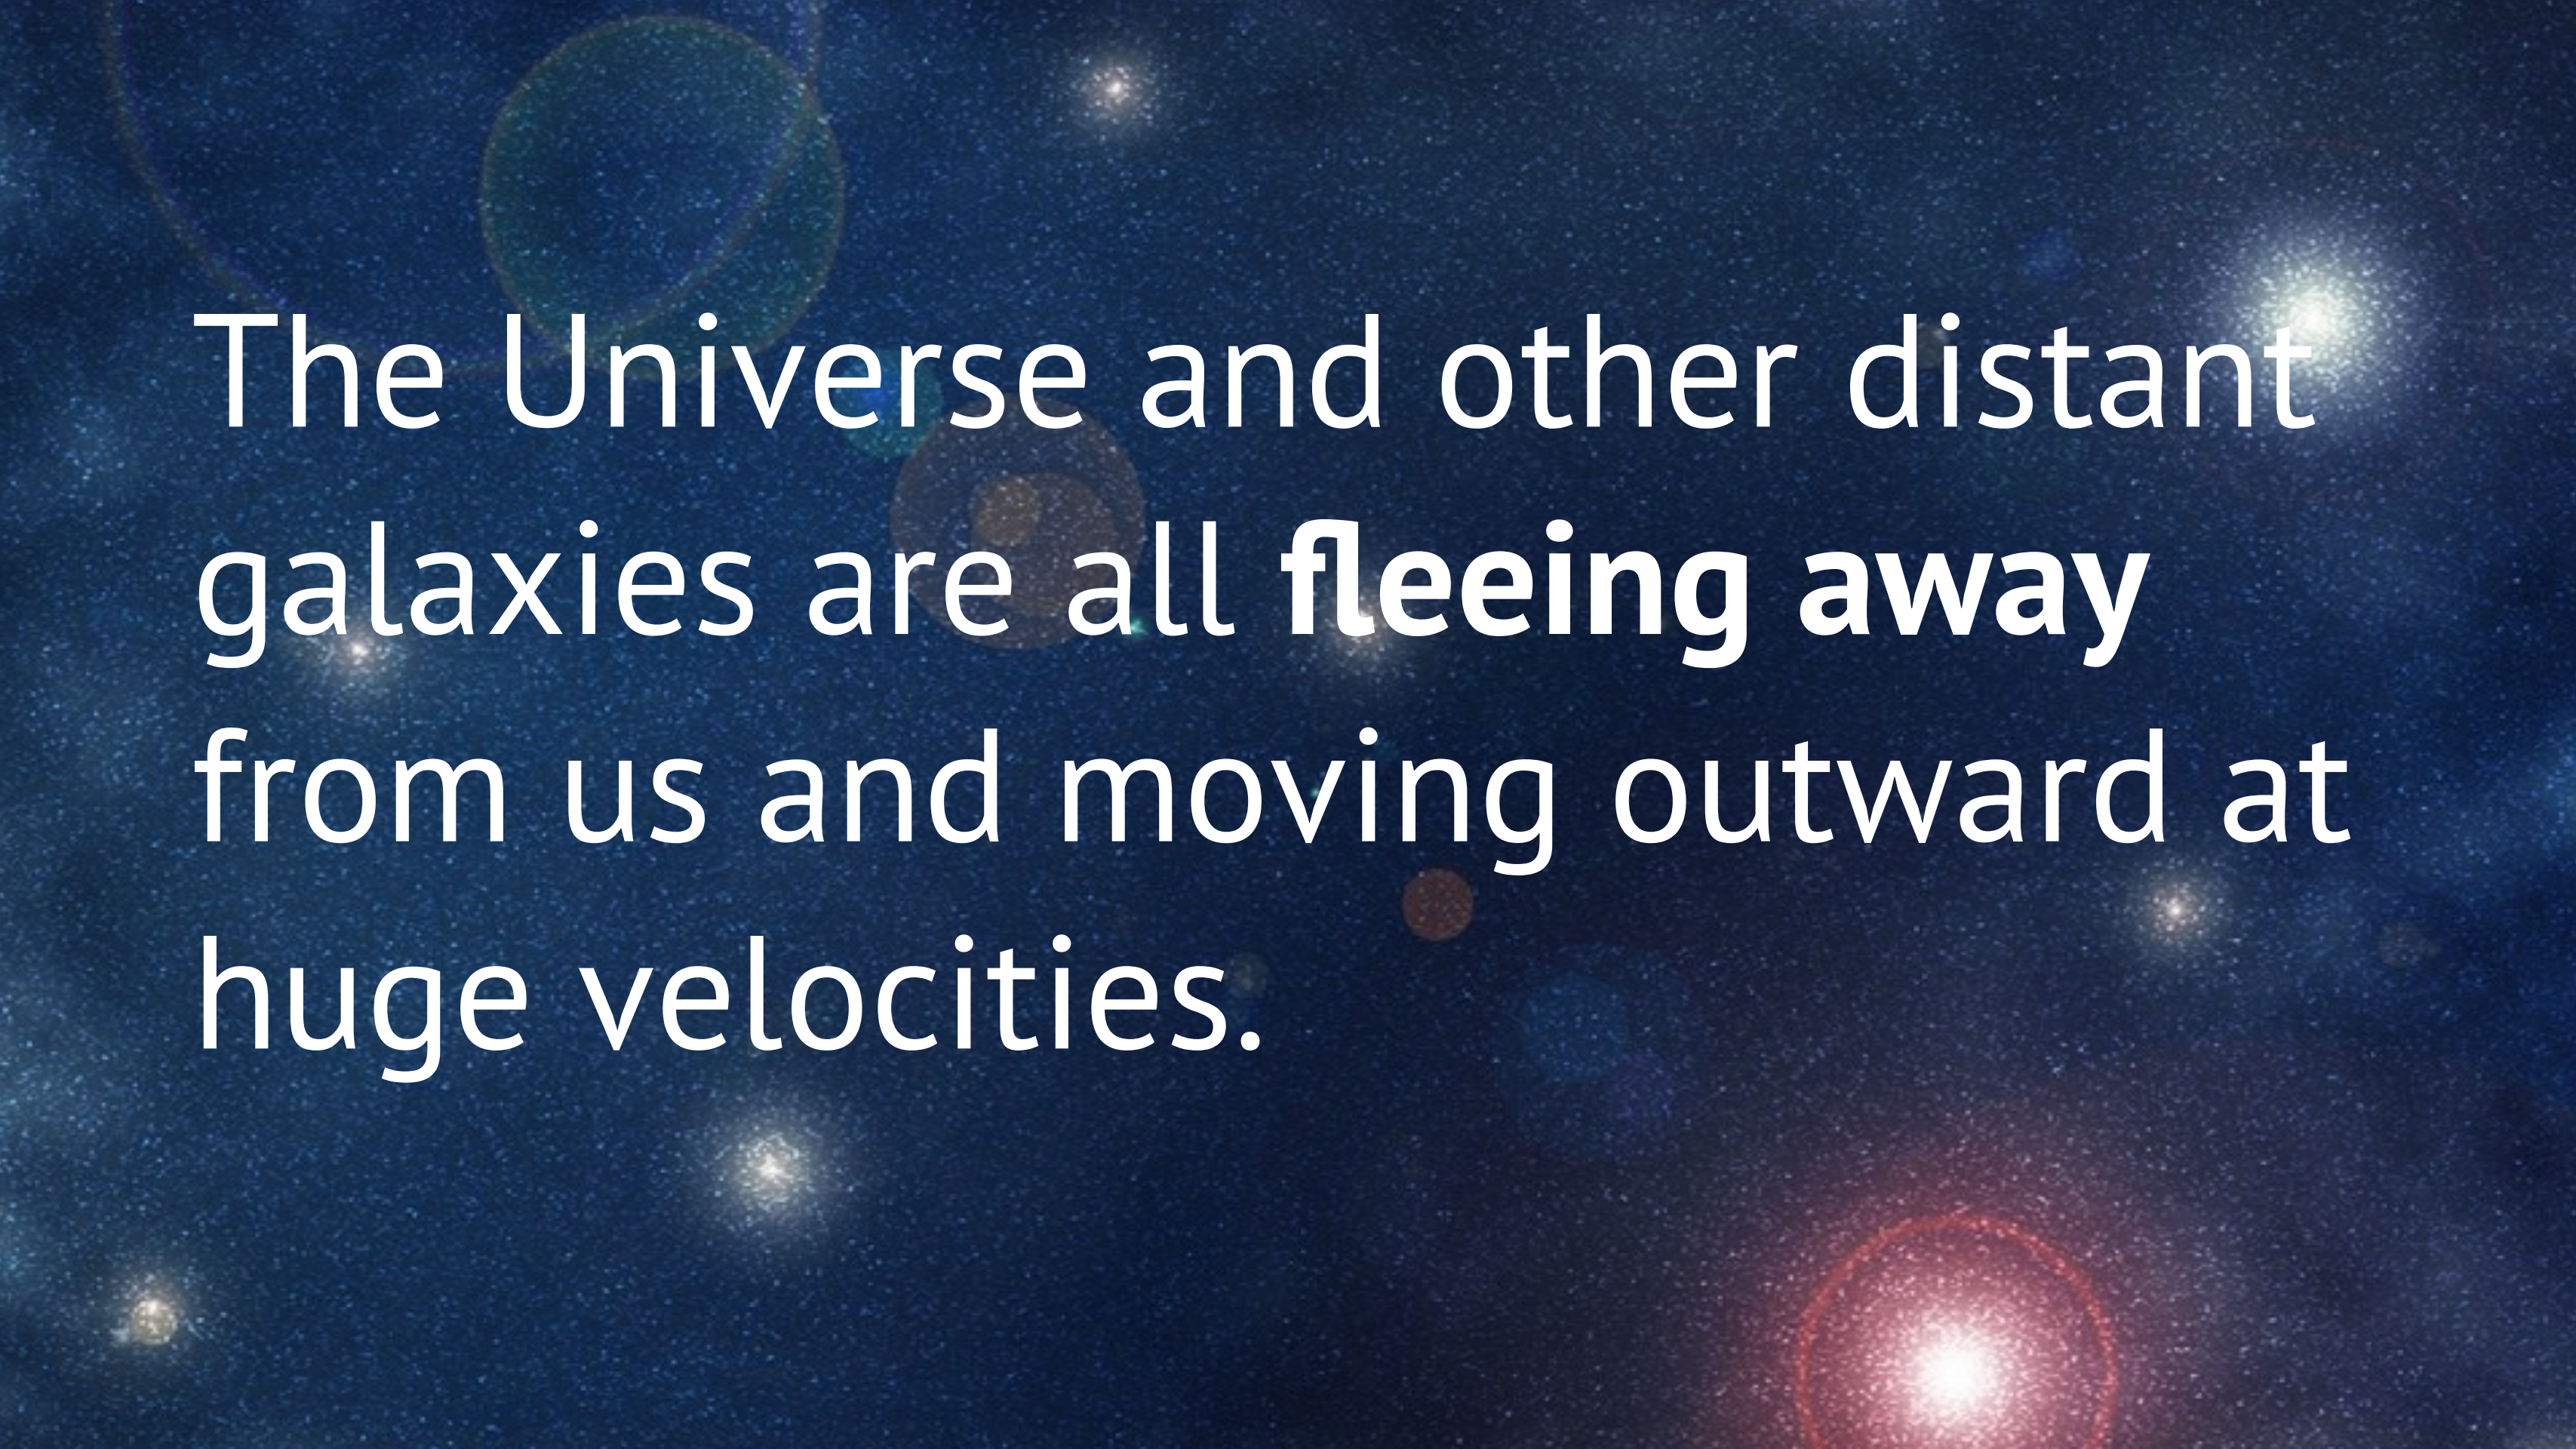

**13 or 14 billion** years ago, everything that there was, must have been compressed into one inconceivably dense point.

Something **happened** triggering the most colossal explosion in history.

A deep space image showing a vast field of galaxies and nebulae against a dark blue background. Several bright, glowing galaxies are visible, including a large, irregularly shaped one in the upper left and a bright, circular one in the lower right. The text is overlaid in the center in a white, sans-serif font.

The Universe and other distant galaxies are all **fleeing away** from us and moving outward at huge velocities.

03

What verse in Quran that describes the Universe?

“ *Have not those who disbelieve  
known that the heavens and  
the earth were both **joined**  
then we tore them apart*”

*Al-Quran 21:30*

**2 interestingly accurate facts**  
stated in the verse.

“

*Have not those who disbelieve  
known that **the heavens and  
the earth were both joined**  
then we tore them apart”*

*Al-Quran 21:30*

## Fact 1

The **Common Origin** of all  
space and matter.

“

*Have not those who disbelieve  
known that the heavens and  
the earth were both joined  
then we tore them apart”*

*Al-Quran 21:30*

## Fact 2

The **Violent Separation** that created all the matter in the Universe.

04

Does anybody really know  
what caused the Big Bang?

**No one** knows what caused it, but we think that the Big Bang created space, time, and all the matter in the Universe.

05

Are there any false claims  
about the verse?

✓ Yes.

There are **false claims** that the common origin is **similar** to the beliefs of other **societies** at that time.

## False claims no.1

It follows very precisely creation  
**mythologies** that were believed in at  
the time of Prophet Muhammad PBUH

**✗ Wrong**

False claims no.2

It was the Greek view of an  
eternal Universe that...

False claims no.2

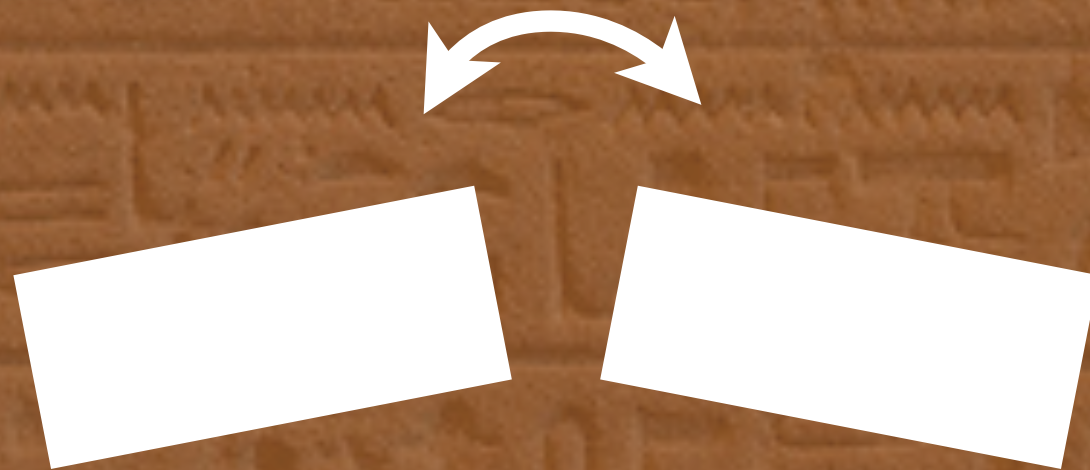

The heaven had been  
separated from the earth.

**✗ Wrong**

### False claims no.3

The **confusion** about the ancient **Egyptian** beliefs and the idea that the heavens and earth were one single block that was broken into two.

### False claims no.3

They believed that a **goddess** gives birth to the sun in the east and swallows the sun in the west which causes day and night.

06

What does the verse shows?

The Quran's **accurate**  
description is **very different**  
from the **ridiculous** beliefs of  
ancient societies.

07

Is the term *Big Bang* accurate?

It was said that one can hardly think of a more **inaccurate** description of the Big Bang than this verse...

**✗ Wrong**

In truth, the term “Big Bang”  
itself is really a **contradiction**.

It was meant to be a derisive  
term and a misnomer.

It was meant to be a derisive  
term.

Adjective: Expressing contempt or  
ridicule: "a harsh, derisive laugh"

08

What misnomer means  
and why?

A **misnomer** is a term which suggests an interpretation that is known to be **untrue**.

Why?

It **wasn't big** because we think that the Universe started from a singularity of some sort,

...and there was **no bang**  
because there was **no air** to  
carry the vibrations.

09

What are the Quran's literal translation?

**“ Have not those who disbelieve  
known that the heavens and  
the earth were both joined  
then we tore them apart”**

***Al-Quran 21:30***

“ *Have not those who disbelieve  
known that the heavens and  
the earth were **joined**  
together as one piece,  
then we tore them apart?* ”

*Al-Quran 21:30*

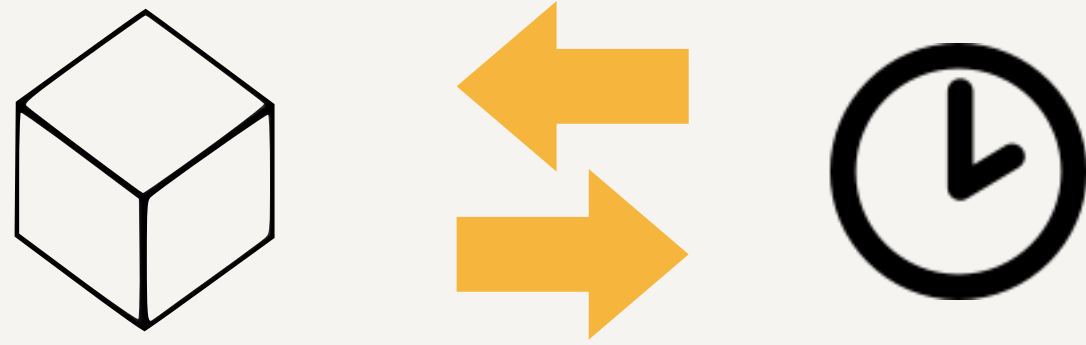

“Have not those who disbelieve  
known that We joined the heavens and  
the earth together both joined  
then we **tore** them apart”

*Al-Quran 21:30*

Let's check out  
Einstein's theory...

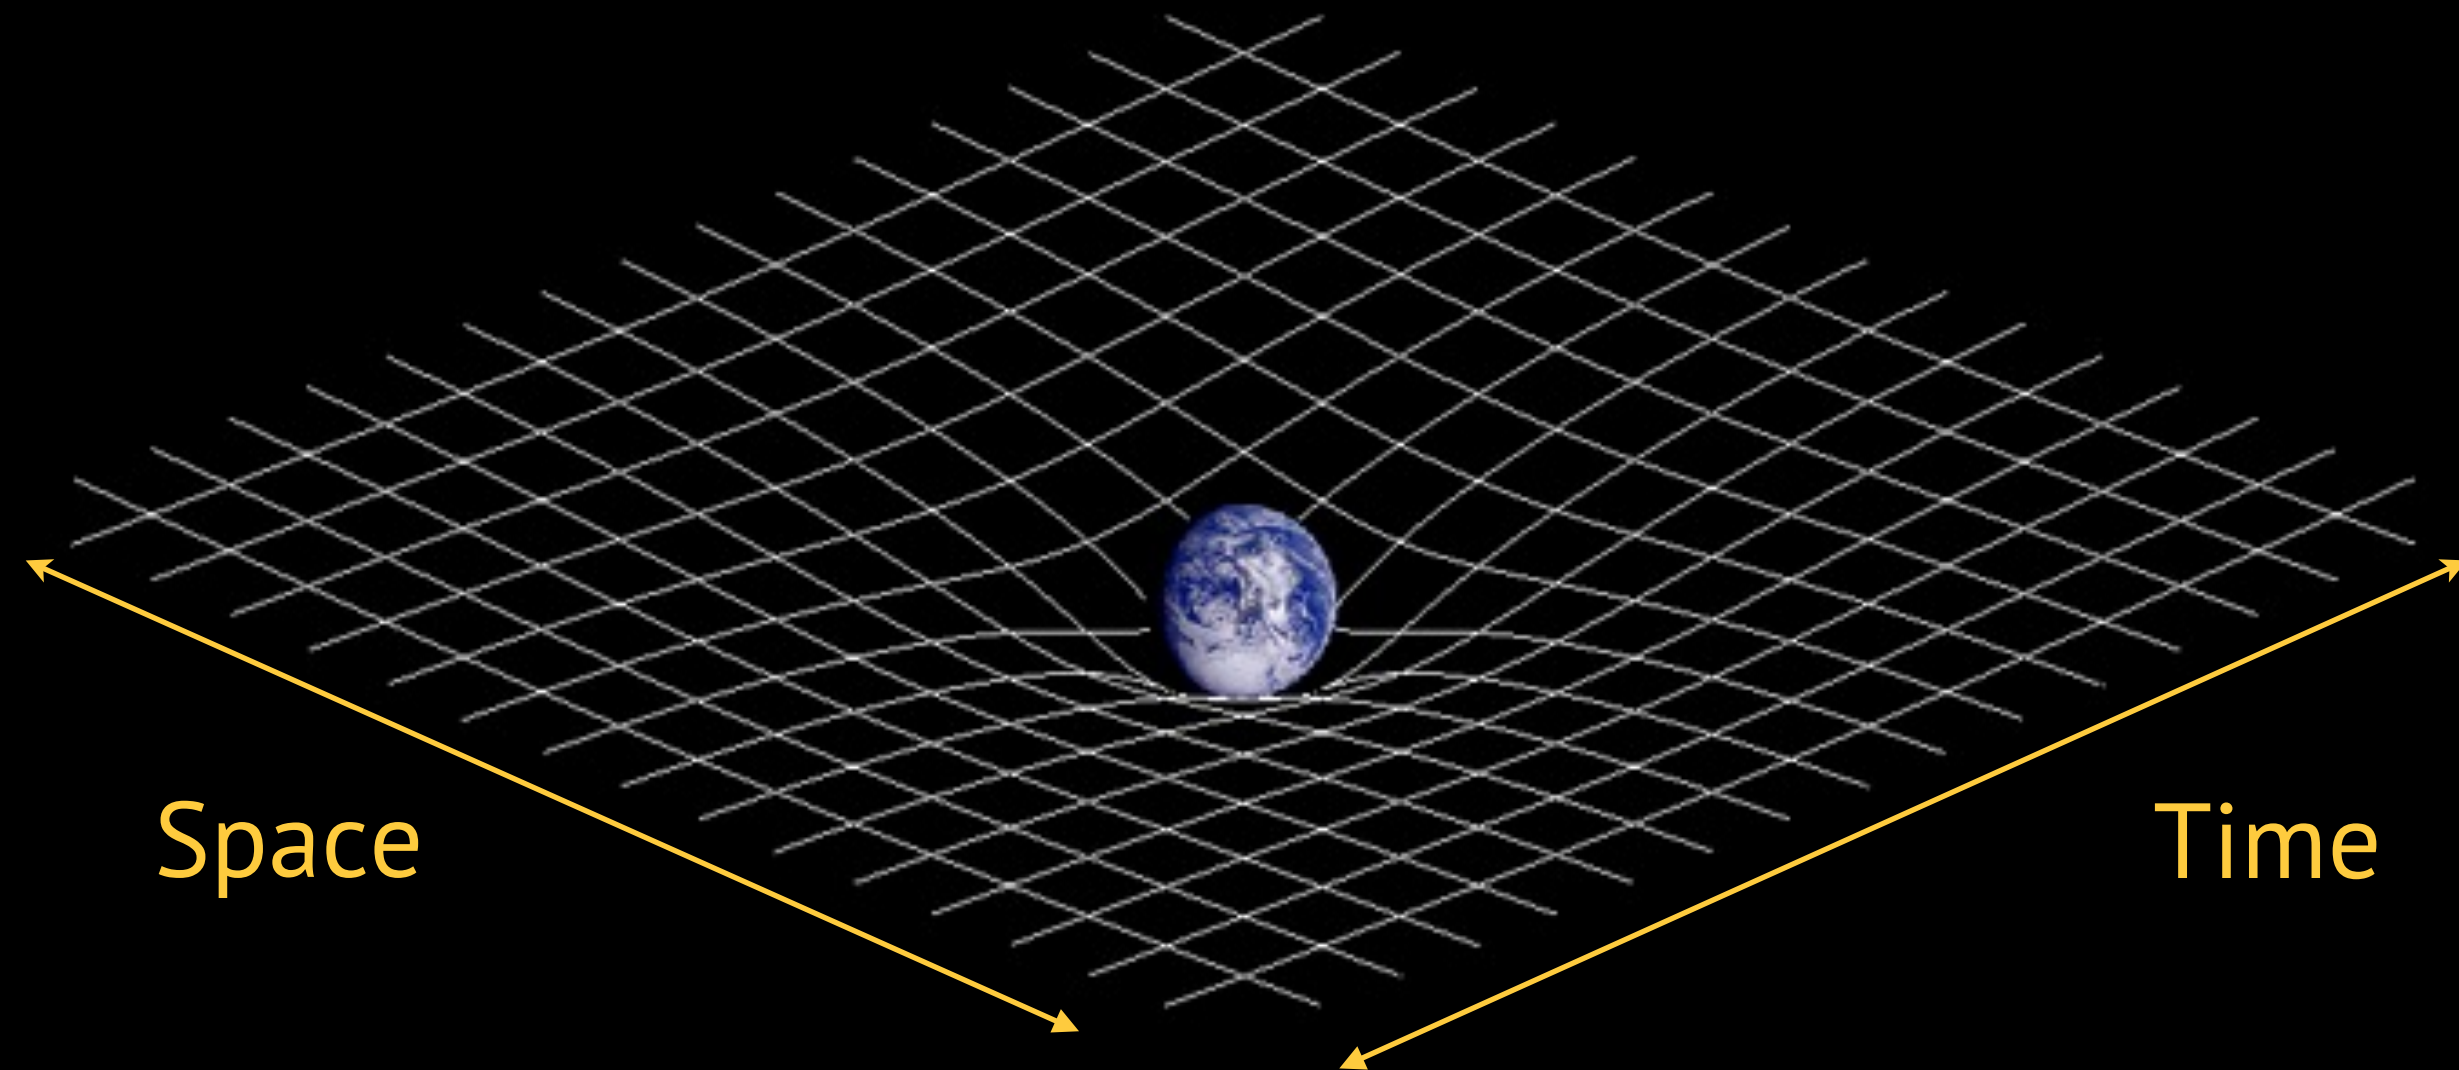

In 1905, his theory of special **relativity** explained the **link** between space and time and discovered “space–time”

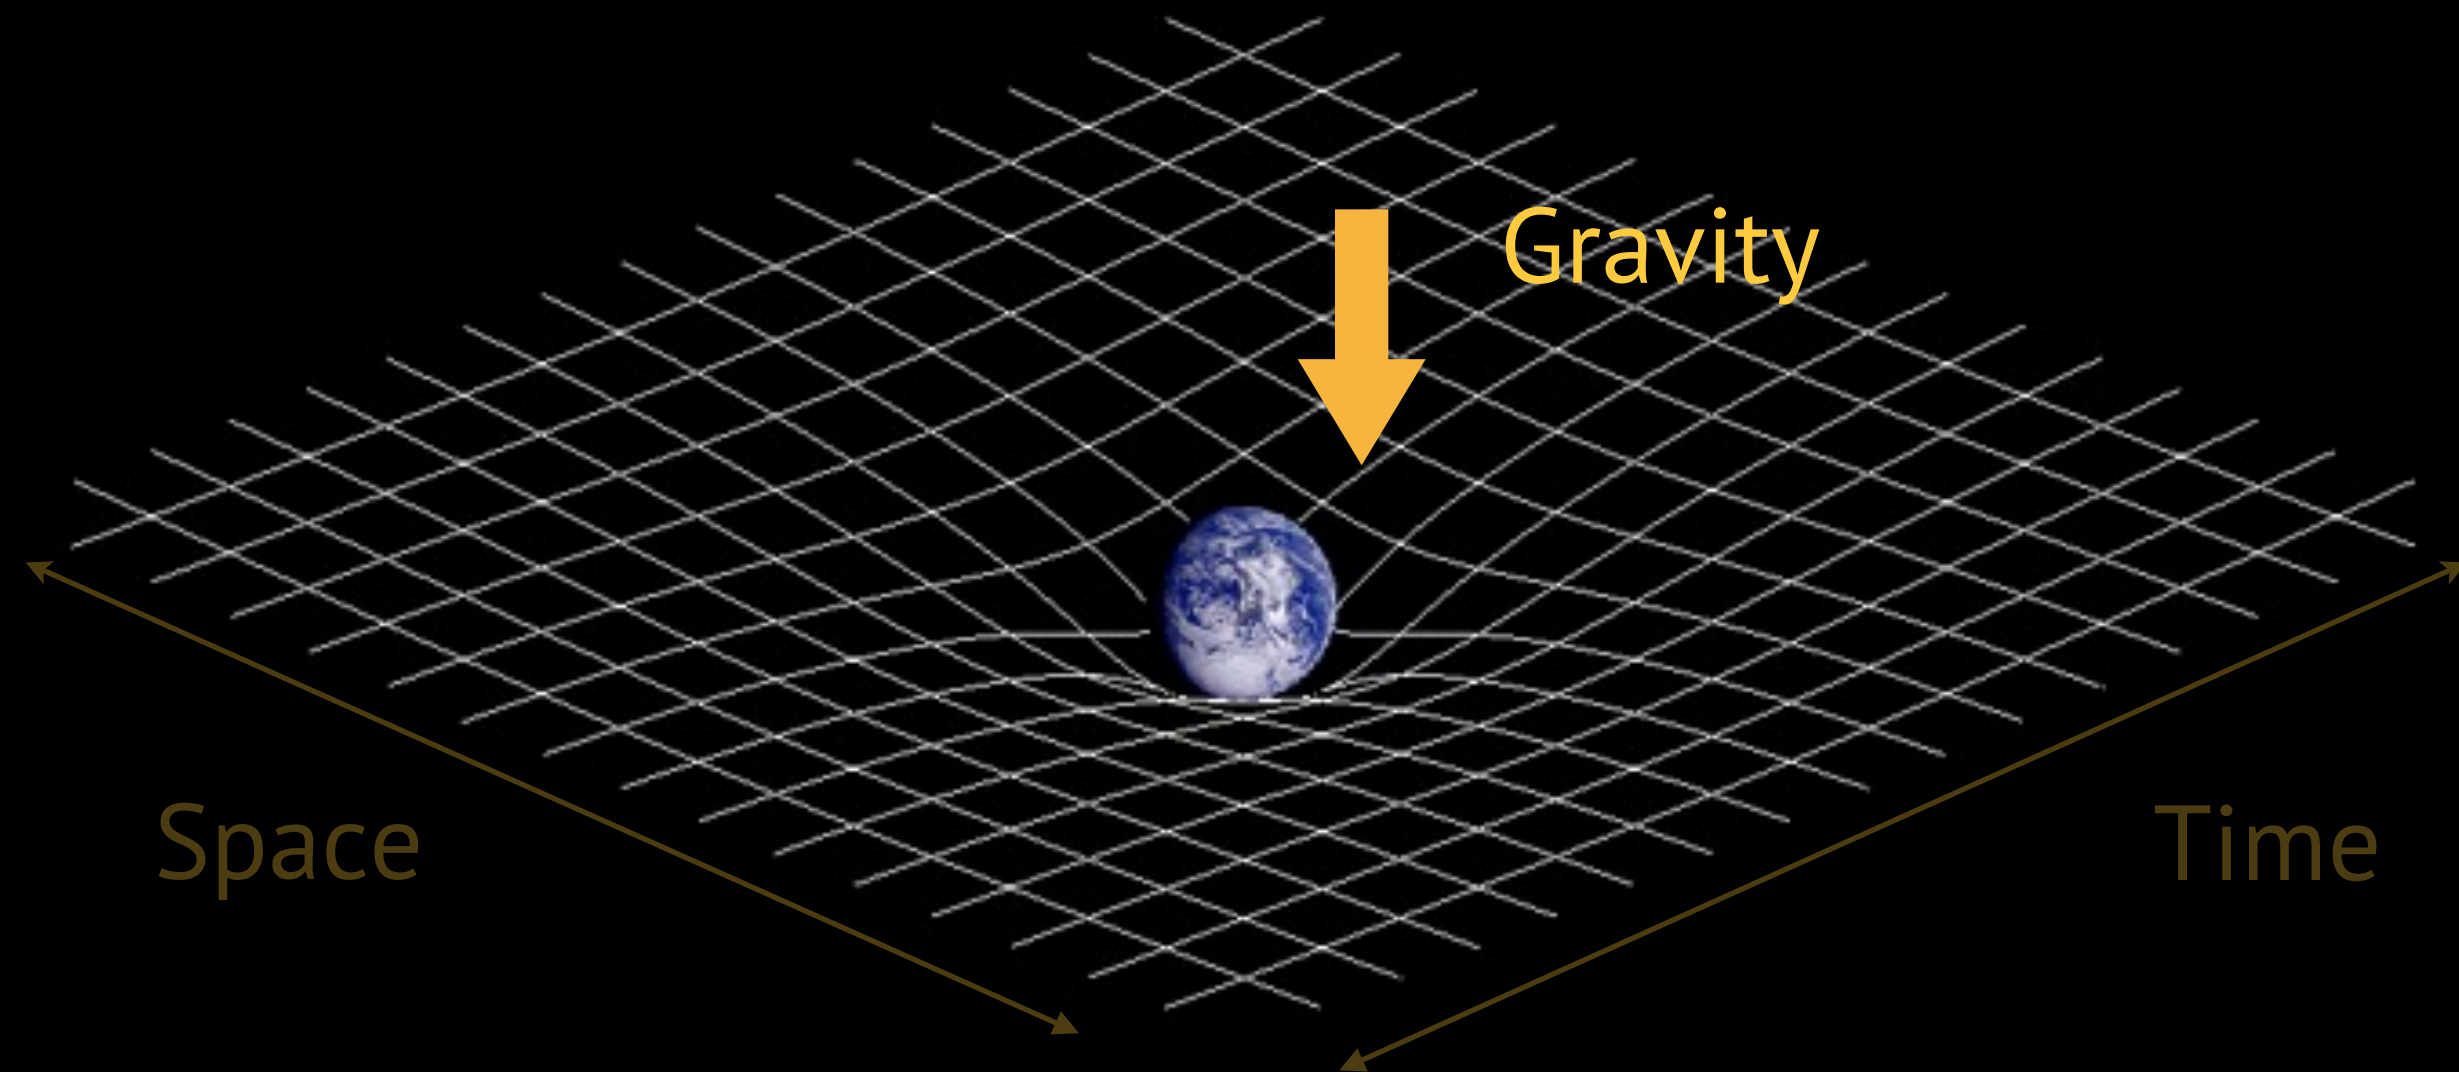

## Quick Fact

In physics, space–time is any mathematical model that combines space and time into a single continuum.

He thought of it as a fabric, weaving together space & time.

In 1915, his special relativity was  
modified into **general relativity**

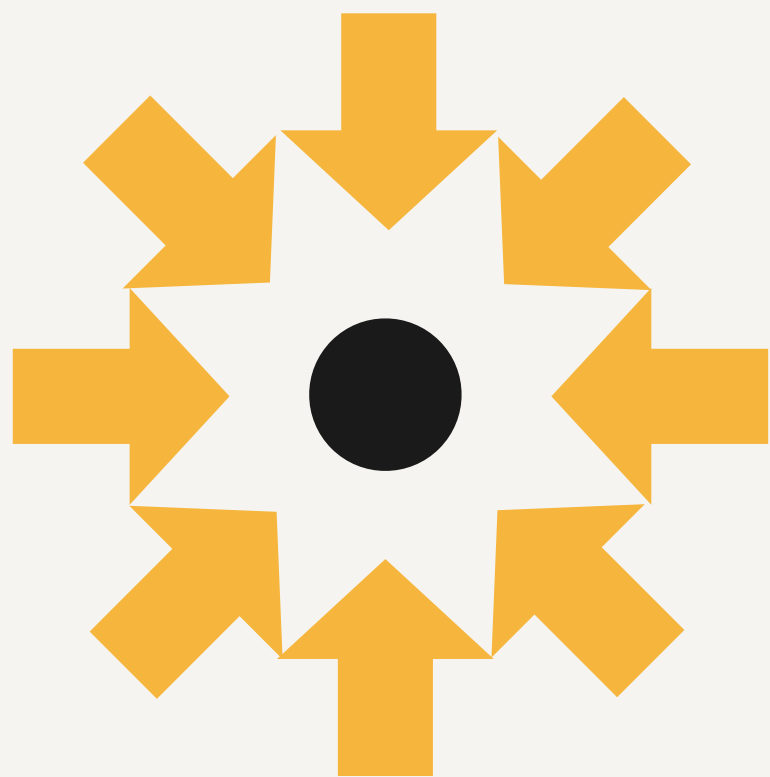

That includes gravity and its effects on this fabric of space–time.

10

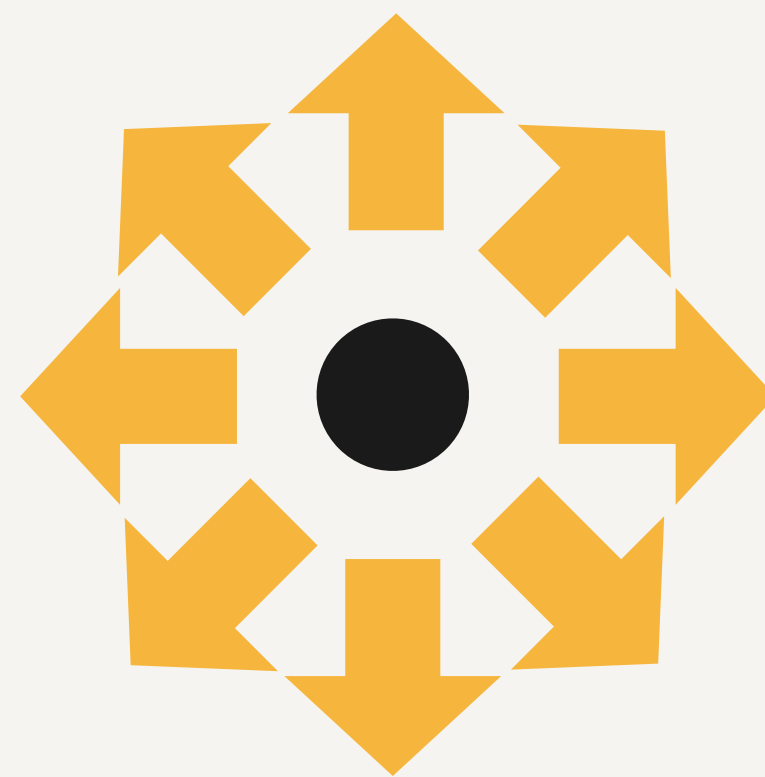

What can we learn  
from all this? *Conclusion*

The verse correctly states that everything in the Universe came from a **common origin** before being ripped apart.

Common origin

Torned apart
